

## Responsible Visitor Charter

We at Badachro Distillery are committed to ensuring that we provide you with a wonderful experience when visiting us, while also minimizing the environmental impact of your and our activities. We would very much appreciate it, if you help us to ensure you have a safe and an environmentally friendly approach to your visit. As a responsible visitor please consider the ways in which you can help us to keep you safe and to reduce your impact on the environment.

**Thank you for your help and understanding!**

**Children** – we love children, please keep in mind this is a working distillery, so please keep an eye on your little ones (and not so little ones) at all times.

**Dogs** – we love dogs, so your doggy is very welcome – just please keep dogs on the lead at all times and clean up after them.

**Smoking/Vaping** is not allowed anywhere on Distillery grounds.

**Conserve water** – when using our water supply, please ensure taps are turned off after using.

**Transport** - Consider using more environmentally friendly ways of visiting us. We encourage the use of shared transport, cycling, walking, kayaking or any other environmental way of travel you can think of! Please also note, there is **no overnight parking** available at the Distillery.

**Reduce, reuse, recycle** - Please ensure rubbish is deposited responsibly. The West Coast is a windy place and rubbish has a habit of escaping!

**Respect nature** - please enjoy our beautiful surroundings but be mindful of litter – please deposit it correctly or take it home.

**Buy local products** – There is a lovely shop, **Latitude 57** (<https://www.latitude57.net/>) full of locally made products and a great pub, **the Badachro Inn** (<https://www.badachroinn.com/>) in the village and boat tours by **Dry Island Safari** (<https://shellfishsafari.co.uk/>)! Your support is really important in economically fragile areas like Badachro.

Maybe while on your visit you spotted something that could be improved on - Please email [Vanessa@badachrodistillery.com](mailto:Vanessa@badachrodistillery.com) with tips or ideas to help us work on our visitor experience and our environmental impact. We hope you enjoy your visit to Badachro Distillery, and we look forward to seeing you again soon.
